REMARKS

Continuation Sheet (PTOL-324)   **Application No. 10/701,155**

Continuation of 4(e) Other: Claim 1, line 3 reads [obect] which is not a proper indication of the amendment.

Claim 1, as presented in the last reply, is reproduced below:

Amendments to the Claims:

This listing of claims replaces all prior versions and listings of claims in the application:

Listing of Claims:

1. (Currently Amended) A memory device storing a data structure for tracking network behavior, comprising:

a connection table that maps each node of a network to a record [object] that stores information about traffic to or from the node and between that node and others nodes in the network.

Claim 1, line 3 reads "object" not "obect", as indicated in the notice. The amendment is proper and therefore should be entered and the notice removed.
